PREPARATION OF PANINI

Remove panini and serving bag from plastic packaging. Place panini into preheated grill and heat for 4 minutes. Serve panini on plate or carefully insert panini into serving bag.

KEY ADVANTAGE - EXTENDED SHELF-LIFE

Special packaging in protective wrap ensures the shelf-life of our PANINI up to 25 days, meaning there is no need to order PANINI so often; you can buy a larger supply to have in stock. When stored in a cool, dry place, at a maximum temperature of 5 °C, our PANINI will last between 20 and 25 days.

If the protective wrap is opened or torn, use the product within 8 hours.
